## Alumax ProLine FRAMELESS SLIDERS

**Now available in Matte Black!** Our ProLine sliders feature minimal hardware and frameless 3/8" heavy glass for a truly open and contemporary appearance. The inline sliding door maximizes floor space, eliminating the need for out-swinging doors. Custom 90 degree return kits are available for multiple configurations. Choose from a variety of pull knobs and handles to complete the package.

### Benefits & Features

- Minimal hardware for an open, clean appearance
- Easy rolling system to enable the door to slide smoothly
- Polished or brushed stainless finish
- Standard and custom glass options
- Choice of pull knob or handle
- Custom 90 degree return kits available

## Alumax ProLine FRAMELESS PIVOT / HINGE

The most highly customized Heavy Glass Enclosures available in the Industry—create a single-door installation or larger configurations with side panels, buttress panels, and return panels. The minimal use of metal framing lends a contemporary, clean look. Choose from hardware in any of our popular Alumax finishes and a variety of towel bar and handle options to complete the package. Alumax Heavy Glass enclosures can accommodate 3/8" or 1/2" glass.

### Benefits & Features

- Made of the finest quality brass and stainless steel
- Beveled or square hinge profile
- Standard or adjustable over-close
- High-grip gaskets for positive attachment
- Accommodates both 1/2" and 3/8" glass
- Self-centering

All Alumax door blanks now feature an updated notch for easier installation.

## WORKING WITH OUT OF SQUARE GLASS

Imperfect walls? Alumax offers Out of Square door blanks to simplify your install process.

Out of Square door blanks taper in width from 28 1/4" to 28" to accommodate out of square walls. Use the extra width to close a gap at the top of your door opening, or flip the blank if you need a little more glass at the bottom.
